

## WANTS DRAFT AGE LOWERED.

The Military Order of the Loyal Legion backs up the nineteen-year-old minimum age limit for the draft. Lieut. Gen. S. B. M. Young, U. S. A., retired, who returned yesterday from Philadelphia, where he had been attending the annual convention of the legion, stated that a resolution was adopted by the meeting proposing an amendment to the draft law.

## U. S. MAY DEPORT COUNT SON-IN-LAW OF LOUIS F. SWIFT

CHICAGO, Oct. 28.—Count James Minotto, son-in-law of Louis F. Swift, multi-millionaire president of the packing firm of Swift & Co., has been secretly arrested by Federal authorities here for alleged pro-German activity, and faces deportation by the United States Government as an undesirable alien.

The count was married to Ida May Swift less than two years ago. He is at liberty under a \$50,000 bond signed by his father-in-law.

The warrant on which he was taken into custody is signed by Louis F. Post, Assistant Secretary of the Department of Labor.

Government officials say the deportation proceedings are merely technical, and that back of it is a mass of evidence gathered by the Department of Justice in Chicago, New York, and Washington indicating the count is strongly pro-German, and through his high social and financial connections has attempted to be of aid to the German empire.

## MINES RAISING WAGES CAN BOOST COAL PRICE

President Wilson last night ordered an increase of 45 cents a ton in bituminous coal prices at all mines which put into effect the recent joint agreement raising miners' wages about 10 per cent.

The advance in prices to the operators, which mostly will absorb the wage increase and will be reflected in an equal advance in coal prices to the consumer, becomes effective at 3 a. m. tomorrow.

## SIX BILLION SET AS EXCESS MARK IN LOAN DRIVE

(Continued from First Page.)  
Dallas, \$85,000,000; Atlanta, \$100,000,000; Minneapolis, \$120,000,000, and San Francisco, \$275,000,000.

McAdoo Tells Good News.  
Announcement that the second Liberty loan was an overwhelming success was made in Washington by Secretary McAdoo, of the Treasury Department.

"It is a great honor," said the Secretary, "to be able to announce that the second Liberty loan has been greatly oversubscribed. It will be several days before final figures can be given."

"The challenge of the German Kaiser has been answered by the free people of America in unmistakable terms."

"Cleveland furnished one of the eleventh-hour surprises," a statement by the Treasury Department said. "From official figures made public early in the day it became evident that many sections had been slow in reporting, and that the real strength of the district was just beginning to show. County after county and city after city came through with vast increases over their maximum quotas, greatly swelling the district total, which bids fair to go high over the maximum of \$500,000,000."

"Chicago, somewhat disappointed at its slow start toward its maximum of \$70,000,000, buckled down hard to come as near that mark as possible. Workers had not entirely lost hope last night of taking rank with other leaders, but the task looked difficult. Late returns, however, showed a growing increase."

German-Americans Buy.  
"St. Louis reported that the sale was being generously supported by wage-earners and that German-Americans were buying especially well. Atlanta wired that they were swamped with long-distance telephone orders and with telegraph orders, and that all the banks were staying open until 9 o'clock. Optimistic observers thought that the district might reach its maximum quota of \$135,000,000."

"Only one report came from Minneapolis, where, with a delayed start, workers achieved wonderful results. It was impossible, because of the great amount of territory the district covers to keep closely advised on sales, but the message said they were known to be growing."

The Liberty loan just closed apparently is the largest war loan floated by any combatant nation since the war began, as it should be, for the United States is far the richest and most resourceful country participating. Its population is more than twice as large as Great Britain's, and its national wealth is estimated to be nearly three times as great, yet the last British war loan was a close competitor of Liberty loan No. 2. The largest war loan of each of the principal belligerents has been as follows:

United States, October, 1917, over \$500,000,000.

Great Britain, January, 1917, \$1,530,000,000.

France, November, 1915, \$2,100,000,000.

Russia, April, 1917, \$1,500,000,000.

Germany, March, 1917, \$3,270,000,000.

Austria-Hungary, November, 1916, \$943,000,000; Hungary, \$320,000,000; total, \$1,263,000,000.

Italy, April, 1917, \$1,500,000,000.

## Little Miss McAdoo Who Did Her Bit for Bond Issue

This picture shows little Ellen McAdoo, whose papa has done as much as any other man for the success of the Liberty loans, ready to drop her "bit" in the big Liberty bell. She couldn't be separated from her pet doll, "Sammy," even for a moment, and she insisted that "Sammy" drop in his nickel also. As little Ellen dropped in her coin she received a little pat, that meant "well done," from "Grandpa" Woodrow Wilson.

## NULL RESIDENCE RULE TO FILL POLICE RANKS

Applicants May Live Elsewhere and Be Under Regulation Height.

Pursuant to Major Pullman's report to the Commissioners as to the serious shortage of men in the Police Department, amounting to sixty-five, permission has been granted to change the eligibility clause requiring that appointees shall have resided at least two years in the District, and to reduce the minimum height from five feet eight inches to five feet seven. Under the new rules the first applicants will come up for examination Wednesday afternoon.

However, those looking for jobs on the force and living outside Washington, with the consent of Chief Clerk Hesse, of the Police Department, may be given a physical examination by the nearest office of the public health service, and a mental test before the nearest branch of the Civil Service Commission.

## GAMBLERS IN MEATS WARNED BY HOOVER

Profits of Retailers Must Also Be Reasonable, Order Says.

That people of lesser means will be able to eat meat with some degree of regularity after November 1 was learned today from the edict issued by the Food Administration prohibiting gambling in meats by packers, wholesalers, and retailers.

Profits by all dealers will be put on an honest basis, and they will not be able to take advantage of market conditions at the time of reselling to gouge the public. Mr. Hoover's order provides that "no dealers in certain specified commodities shall sell at more than a reasonable advance over the actual purchase price of the particular goods sold, without regard to the market or replacement value at the time of such sale."

The commodities covered by this order include beef, pork, and mutton, syrup and molasses, cleaned rice and rice flour, oleomargarine, lard and lard substitutes, oil, cooking fats, condensed milk and various canned goods and fruits.

## CITY CHURCHES JOIN IN PRAYER FOR U. S. VICTORY

"Success to American Arms" was the appeal which ascended from all the churches of the Capital today. It was a day set aside by President Wilson for prayers for the success of America at war.

Organs of all the churches swelled to martial strains, and sermons on the war were preached from pulpits in all parts of the city.

"God save and preserve democracy; may He strike down and destroy autocracy," is the spirit of national prayer day.

At St. Dominic's Church this morning an army of 1,000 Holy Name members received communion at the 7 o'clock mass. They offered their prayers for the success of American arms.

War Hymns Heard.  
"God Keep and Guide Our Men," the new war hymn, was sung at the Metropolitan Baptist Church. The question, "Why Pray for Victory?" will be answered at the evening service by the Rev. Dr. Ball. Both services embody appeals for the triumph of American arms.

The Rev. C. Ernest Smith, pastor of St. Thomas' Protestant Episcopal Church, preached a special sermon on the army and navy at the intercession services at 11 o'clock.

"A Nation On Its Knees," was the theme of the sermon delivered by the Rev. Randolph H. McKim, D. D., at the Church of the Epiphany at 11 o'clock. A special program of music arranged for the day was rendered by the Epiphany choir.

More Services Tonight.  
The Rev. James L. Gordon, pastor of the First Congregational Church, is to bring out phases of the war in his sermon tonight on "Rasputin, the Russian Monk Who Hypnotized the Czar, or, the Mystery of the Evil Eye." Special prayers in connection with prayer day are to be offered before the sermon.

Lutheran churches throughout the city divided the day between the celebration of the quadri-centennial of the reformation and national prayer day. Sermons today were of Luther and the needs of the American army.

Masses for the success of American arms were celebrated in practically every Catholic Church in the city. Sermons were preached in many on the President's proclamation.

## K. OF C. ASKS FUNDS FOR WAR RECREATION

Three million dollars is needed at once by the Knights of Columbus for the establishment and upkeep of war recreation centers at the front and in the training camps of America. One million dollars has already been raised from among members of the organization.

The Knights of Columbus minister to the spiritual needs of the Catholics in the service and also provide comforts and entertainment for the soldiers regardless of creed. It is planned to construct buildings capable of holding about 1,200 persons in each of the sixteen national army cantonments. These buildings will contain reading and writing rooms, a stage and equipment for religious services.

The object of the Knights of Columbus war fund is the welfare of the fighting men of the United States. The buildings are to be open at all times to the men. The movement is intended for the benefit of the whole army.

Contributions to the fund are solicited from all denominations, and should be mailed to Postoffice Drawer 96, New Haven, Conn.

## McADOO CHEERED FOR GREAT LOAN FIGURES

Mammoth Mass Meeting on the Ellipse Closes Campaign.

Fifty thousand Washingtonians know today that the Liberty loan campaign is a success.

For two hours they heard speakers praise the patriotic spirit of America and extol the worth of her fighting sons at a mammoth mass meeting yesterday afternoon.

Secretary McAdoo was the principal speaker. He was interrupted frequently by applause when he referred to American troops going into the front-line trenches and when he told of Liberty loan success.

Solicitor General Davis, of the State Department, also spoke. He reviewed Germany's crimes against world civilization.

The mass meeting was the culmination of the eleventh-hour drive in the District to swell the Liberty loan allotment.
